

## Watch: Could double-digit inflation be on the cards for the eurozone?

The chance of seeing a peak above 9% now seems highly likely for the eurozone economy, with the prospect of double-digit inflation strengthening rapidly. So how fast does the ECB need to slam on the brakes?

### Could double-digit inflation be on the cards for the eurozone?

As global supply-side pressures begin to cool, the list of challenges being faced by eurozone continues to grow – and it seems there's little the ECB can do about it. In this video, ING's Bert Colijn outlines the central bank's current predicament and our expectations moving forward.
