A very quiet atmosphere next week for EMEA and Latam with Poland expecting a calm environment given the upcoming data releases

Poland sees a slowing economic environment in light of next week's data releases

We expect sub-consensus activity readings. Industrial production is expected to decline from 5.4% YoY to 3.8% YoY; a reflection of lower external demand from the Eurozone and a soft automotive performance. We predict retail sales to moderate at 7.2% YoY due to durable goods sales stagnating.
