

Watch: Two paths to a weaker dollar

Is the dollar about to enter a bear trend? The US currency has only fallen by more than 20% on two occasions in the last 40 years. It's an exceptional event. But could it happen again? ING's Chris Turner takes a look

Two paths to a weaker dollar

A double-digit decline in the dollar would likely come for one of two reasons. In this video, ING's Global Head of Markets, Chris Turner, explains what they are, and whether he thinks that's likely to happen.
