

US-China trade war: Who will get hurt the most?

The US decision to impose further tariffs on China has sparked concern that the yuan could weaken past the key 7-mark. But China won't face the burden of higher tariffs alone; the US has as much, if not more, to lose

WATCH: US-China trade war: Who will get hurt the most?

Escalating trade tensions have taken a toll on the Chinese yuan. But both sides will come out of this conflict impaired, according to ING's Greater China economist Iris Pang.
