

## WATCH: China's chief weapon is surprise

China's unexpected move to impose tariffs on more US goods rocked markets and hit a nerve with US President Donald Trump. Greater China economist Iris Pang says this element of surprise could be an important tool for China as the trade war escalates

### China's chief weapon is surprise

After a recent escalation in the US-China trade war, we take a look at what's likely to happen next- and why the yuan will play a key role
