

Watch: Copper prices dip, but the metal's still red hot

ING's Commodity Strategist, Ewa Manthey, on why copper is the best-performing industrial metal this year

Copper's price dips, but the metal's still red hot

Copper prices have come off their recent two-year highs. But we think greater demand and supply concerns will continue supporting the metal. Copper is also a vital component in the transition to a greener world, and its price is a good indicator of the health of the global economy
