

Watch: How CEE countries are avoiding the middle-income trap

CEE countries are reaping the benefits of modernising their economies. So, is it enough? And what could hold them back in the future? We have some answers in this short video.

And read much more about that in our flagship Directional Economics report. Download it [here](#)

How central European countries are avoiding the 'middle income trap'

CEE countries are being praised for managing to become high-income economies. So, how are they doing it? And what might hold them back? ING's Senior Economist for Poland, Michal Rubaszek, has some answers
