

Watch: The future for US rates

While another 25bp move is widely expected from the [Federal Reserve](#) over the coming week, the path beyond its next meeting remains unclear. Following the most aggressive tightening cycle seen in over 40 years, we expect the central bank to signal a pause moving forward

The future for US rates: A final hike from the Federal Reserve?

As inflation continues to run hot and banking stresses lead to tightened lending conditions in the US, uncertainty looms over the near-term outlook for monetary policy. Catch up on our latest Federal Reserve preview [here](#)
