

## Watch: How America's clean energy industry can adapt to a new reality

The clean energy industry in the US is experiencing drastic policy changes under the Trump administration, where the previously established government incentives are rapidly coming to an end. So, what does this mean for producers? ING's Coco Zhang has some answers

### What next for America's clean energy industry

President Trump's changes to America's clean energy industry won't slow project developments down, but they will mean a major rethink in business strategy. So says ING's Coco Zhang, who reflects on how the industry can adapt to these drastic policy shifts
