## Why Fed Chair Kevin Warsh could make markets more volatile

Warsh's scepticism towards forward guidance could result in greater market volatility, says ING's FX Strategist Francesco Pesole, although Warsh cannot stop other Fed members from making their own views known. Pesole shared his views in a recent webinar with Developed Markets Economist James Smith.

Warsh's scepticism towards forward guidance could result in greater market volatility, says ING's FX Strategist Francesco Pesole, although Warsh cannot stop other Fed members from making their own views known.
